Clearview Invites Engagement During Transit Study

Virtual Open Houses & Survey Open Until November 11

CLEARVIEW, ON October 21, 2025 – Clearview Township is conducting a Transit Study and invites residents and transit riders to share their input. Attend the Virtual Transit Study Open Houses on October 29 or 30 or provide feedback via an [online survey, open from October 21 to November 11, 2025](#).

The study aims to review the current transit service and explore opportunities for improvement. In collaboration with Left Turn Right Turn Consulting, Township staff have been analyzing ridership trends, reviewing routes, and consulting with local employers.

Mayor Measures and Clearview Council look forward to hearing from residents. "Clearview's transit system is a vital part of our community, and we want to ensure it meets the needs of everyone who relies on it." He said, "This study is an opportunity for all residents and transit riders to have their voices heard and help shape the future of our local transit. I encourage you to attend the Open Houses or complete the survey—your input is invaluable as we work together to improve service for all."

As part of this phase, the Township seeks further input from residents and transit users to shape potential solutions. There are two ways to engage:
