# Project Overview

Clearview Township is reviewing their transit service. The Township is exploring ways to improve the service and will make recommendations to Council later in 2025.

## **What will drive the study recommendations?**

- Your input into what's important
- Trade-offs to ensure changes are feasible with available budget

# Project Schedule

A decorative vertical line and a large, light gray arrow pointing upwards and to the right, located on the left side of the slide.

# Current State Summary

# Methodology

A comprehensive current state review included several streams of work:

Transit Transfer

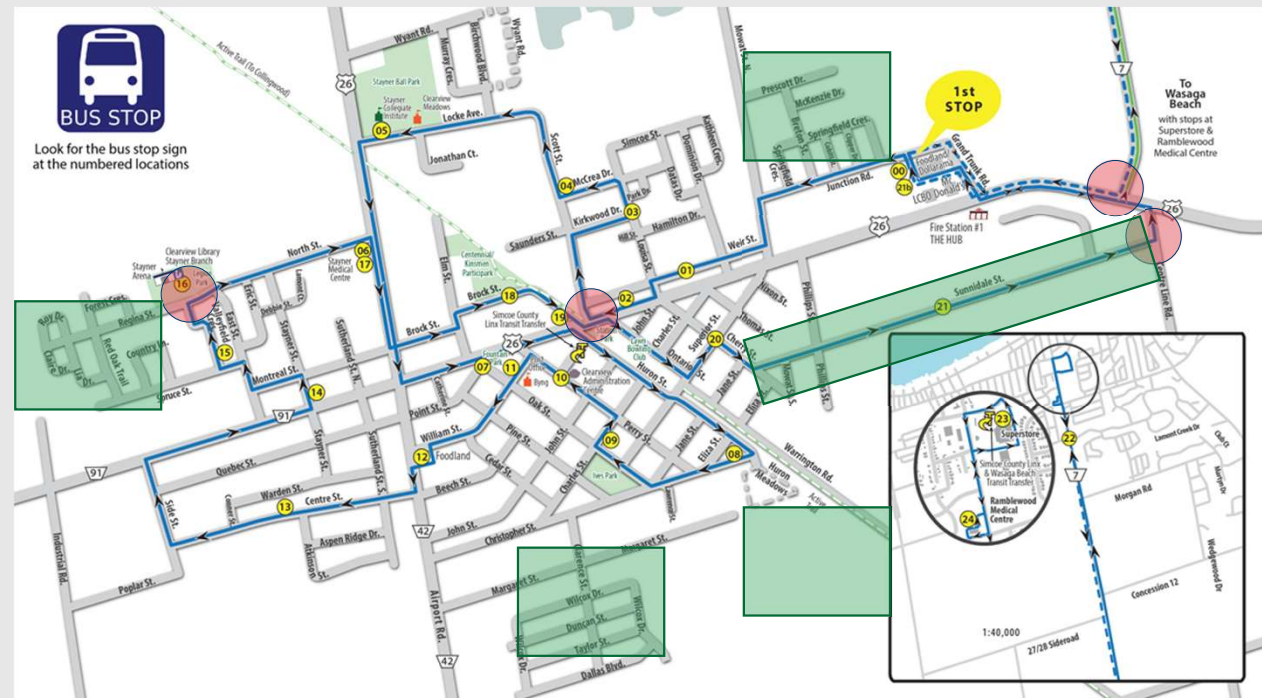

# Stayner Route – Key Observations

 New Developments  Challenging Routing

## Key Observations:

### Routing and Service Coverage

- Routing includes several left turns at challenging intersections (e.g., high traffic, low visibility, sharp turns)
- New developments have limited access to transit

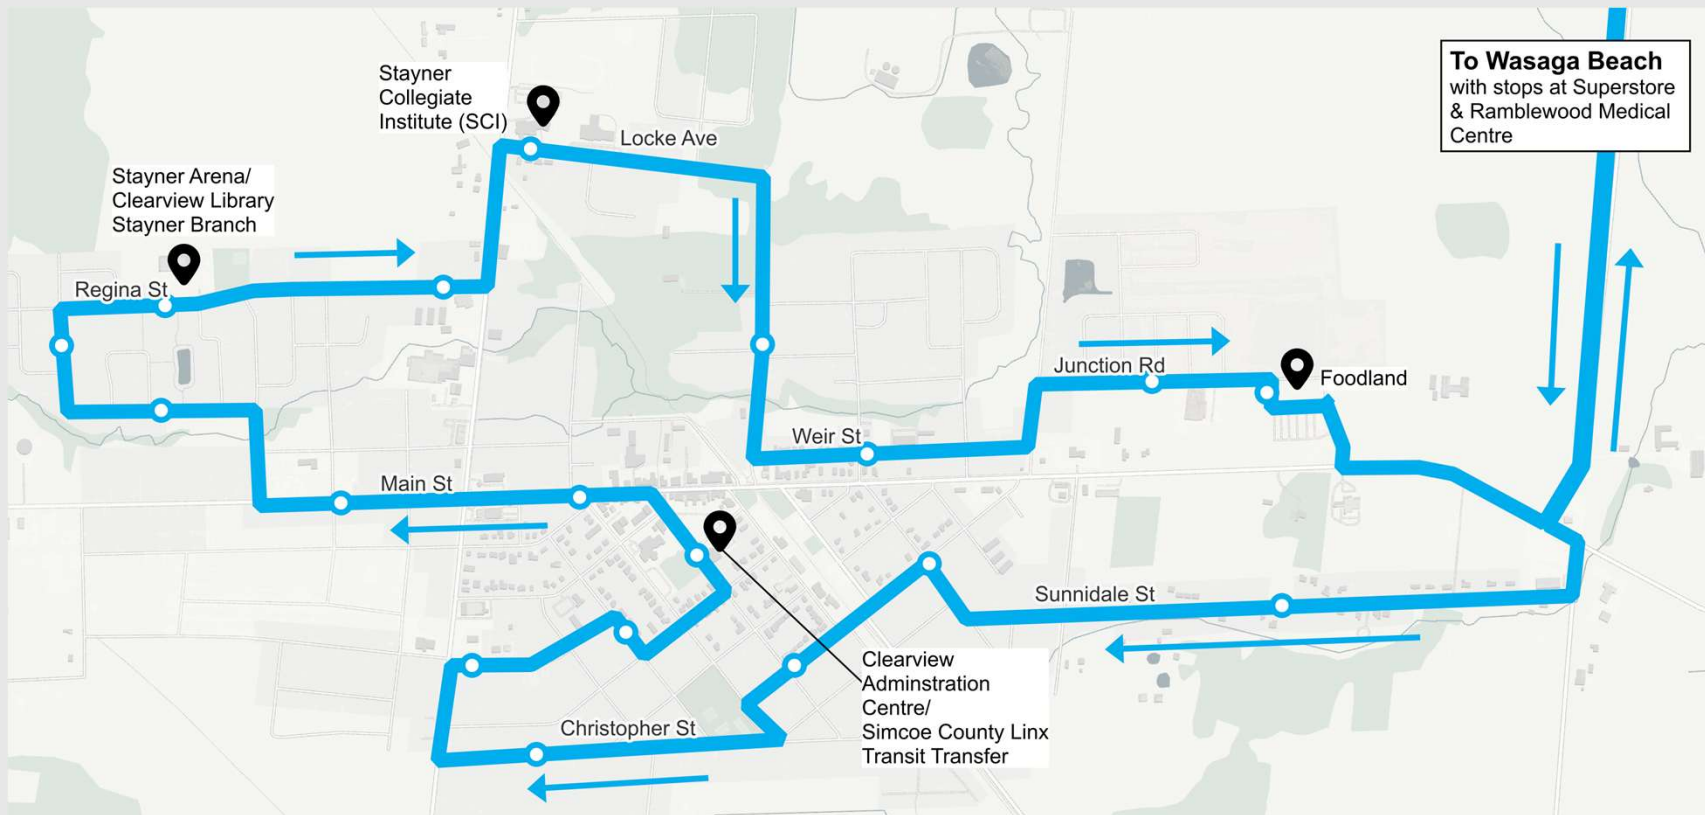

# **Transit Priorities and Proposed Route**

[www.ltrt.ca](http://www.ltrt.ca)

# Proposed Service

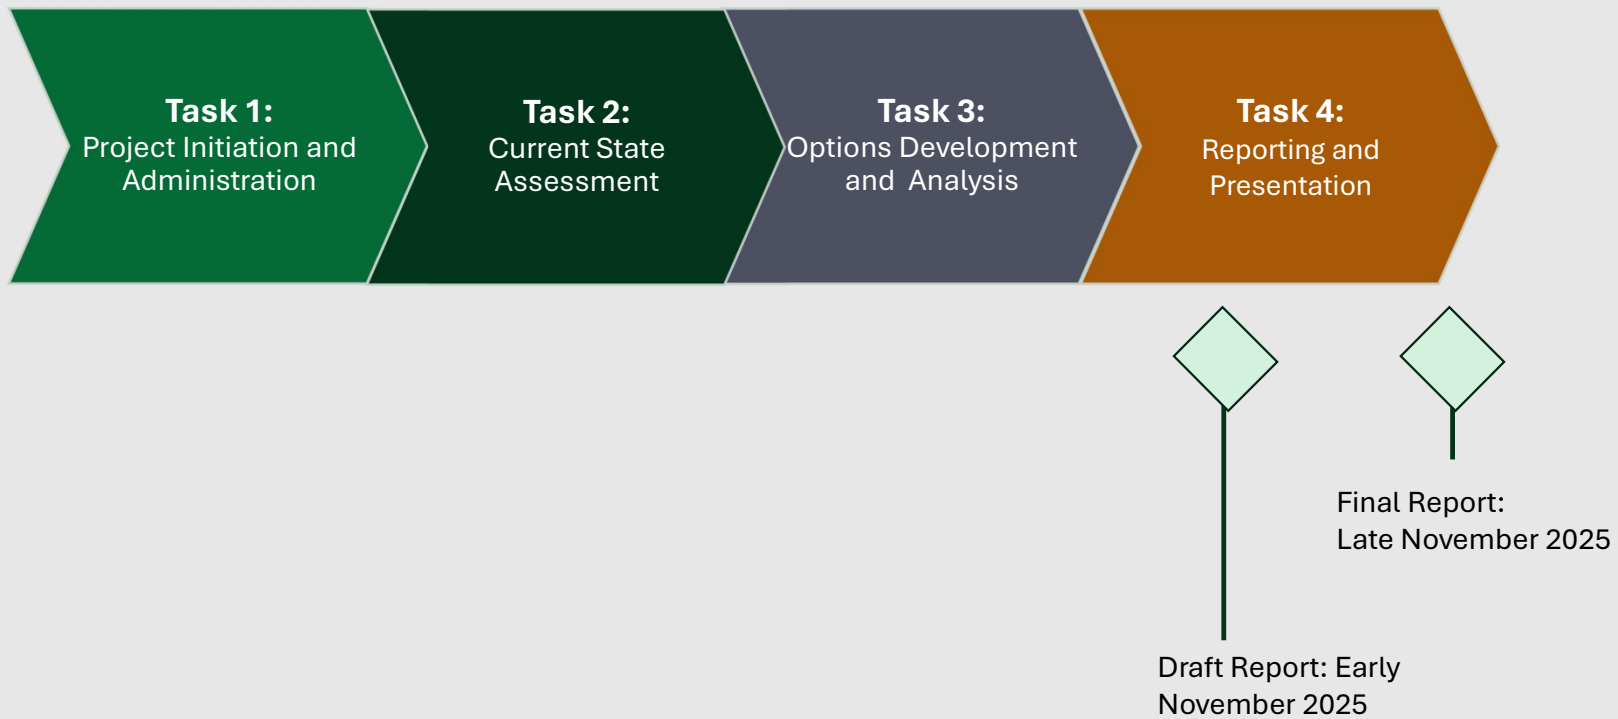

A decorative graphic on the left side of the slide. It consists of a solid dark green vertical line. To its right is a large, light gray arrow pointing upwards and to the right, partially overlapping the text area.
